- Youth's sense of value and happiness and the discrimination method Manabu MINAMI (197 — 201)
- Do students receive the social support during the infectious phase of COVID-19?
— A Longitudinal Study in September 2020 and January and April in 2021 —
..... Jin UEDA and Hitoshi MATSUURA (203 — 208)
- Proposal of motivation matrix for designing and observing class
..... Kazumasa SUZUMURA and Yoshifumi NAKANISHI (209 — 228)
- Classroom Newsletters that Encourage Attitude Change in Parents
— What Description of a Teacher Promotes the Formation of "Common Interests"? —
..... Masafumi OBINATA (229 — 237)
- About the conditions of the class reflection meeting with "consent"
— Through the case study of "questions" for good classes — Norifumi ICHIKAWA (239 — 247)
- Distributed Leadership at Risk Management of Schools
..... Yasuyuki ODA, Shu KUMOO, Shun SUZUKI (249 — 269)
- The implementation of multi-grade curriculum in Higashikishu — Assessing students' listening abilities —
..... Eri ONO, Hitoshi SUSONO, Maki HAGINO and Kazuyoshi ENOMOTO (271 — 274)

Educational Practice

- Issues and Practices of Calligraphy Online Lesson Connected with Overseas
— Based on Efforts for Thai Japanese Language Learners —
..... Asako HAYASHI, Saranya CHOOCHOTKAEW (275 — 280)
- Development of School Curriculum Aiming Reduce Empowerment Gap about Civic Engagement:
A Case Study of Cross Curricular Learning Geography-History and Informatics in Flexible-Time High School
..... Yuki OGURI, Shohei MOCHIZUKI, Asuto HURUTUKA, Kazuhiro KUSAHARA,
Teruko ISHIKAWA, Hiroki KITAGAWA, Rie MINAMI (281 — 296)
- The lesson of life environment studies to notice the necessity of machine use for work in large farms:
Through cultivating sweet potatoes in collaboration with local people
..... Shigefumi NAGATA and Tomohiro ISHIDA (297 — 306)

Practical Research on Curriculum Planning of the SDGs' contents as core in junior high school II: An Analysis of STEP as the Curriculum for Climate Change Yuichi MATSUMOTO, Kenichi MATSUMURA, Takuma KIDOKORO and Takashi NITTA	(307 — 326)
Production of Training Contents for Early Childhood Education using ICT — Aiming to Improve the Quality of Kindergarten Teachers — Kumiko SUGISAWA, Nobuaki TANAKA, Akihito TSUJI, Hiromi HAYAKAWA, Mihona YOKOTA, Ayano YUTA, Yukie YOSHIDA and Chinami YAMADA	(327 — 333)
A class in which children solve a problem as a community — An example of a science class on “Embryonic development of medaka fish” — Masashi MAEDA and Taichiro GOTO	(335 — 343)
Environmental education practices in Mie University collaborated with the neighboring kindergartens Daisuke HIRAYAMA	(345 — 349)
The developmental process of ball game on collaborative learning in physical education: Through the practice case of Net type game Noriaki WAKABAYASHI, Noboru OKANO and Takahiro KANO	(351 — 361)
A Study on Active Learning in Technology Education Akio UOZUMI and Namiki HAYTA	(363 — 372)
Learning Achievements and Challenges of On-Demand Lessons in the Primary Home Economics Education Shintaro MURATA, Kumiko OHMOTO and Ranko KISHIDA	(373 — 381)
Educational practices of home economics focusing on caffeine for improving scientific literacy Risa NAKANISHI, Madoka HIRASHIMA, Akira OGIHARA, Shunsuke ICHIKAWA, Shintaro MURATA, Taichiro GOTO and Yuka ISOBE	(383 — 391)
Achievements and Challenges of Multidisciplinary Collaboration in Consultation Support for Children with Disabilities Toshihiko KIKUCHI, Miho INUKAI, Yasuo KIYOTO and Takumi HAMADA	(393 — 397)
Transition of one-tap teaching material application development that can promot direction cognition and exploratory behavior for totally blind children with intellectual disabilities Kyoko KITAMURA and Toshihiko KIKUCHI	(399 — 403)
Nursery practice to enjoy the fluctuation between fantasy and reality through picture books Shohei TOMITA, Yu ISHIKAWA, and Keiko IWATSUKI	(405 — 418)
“Security Committee Program” and trauma informed care Kazuyuki KATO and Minako SETO	(419 — 423)
Significance of Concept Maps in Teacher Training Courses — Students' Learning Experience Regarding Special Activities — Masafumi OBINATA	(425 — 435)
Creating a “Tweet Short Video” like Bon Digital Storytelling as Output-oriented Learning Hitoshi SUSONO, Eri ONO and Rina SUZUKI	(437 — 442)
A study of theory and practice in a school teacher Kazushige KAYAMORI	(443 — 452)
Study of inter-teacher collaboration based on collegiality in elementary school Shun FUJII and Kazushige KAYAMORI	(453 — 465)
What is the anxiety of university students who are attracted to teaching profession? Yurie SONOBE	(467 — 475)
A consideration on the power to overcome the “Shou-Chu Gap” — For curriculum management for elementary and junior high school cooperation and integrated elementary and junior high school education — Michiyo OSHIMA	(477 — 488)

Creation and verification of Dialogic Language Assessment Yokkaichi version	
— Focusing on the listening and speaking skills of students with foreign roots —	
..... Mayumi TANAKA, Masaaki TANABE and Hideko KAMIYAMA	(489 — 504)
Examination of Japanese language teaching methods that foster “the ability to communicate”	
— Aiming to create lessons with all participants —	Satoko TANINAKA and Masaaki TANABE (505 — 519)
Research aimed at a wellbeing workplace that enhances psychological safety	
— Through a dialogue by mini training using the menu table —	
..... Motoyuki NAGO and Masaaki TANABE	(521 — 536)
Research for Lesson Study by Method of Stop Motion and Life-History Interview	
— Research for Shaping of Chinese Teacher’s Competence of Japanese Language —	
..... Takeo MORIWAKI, Fengli KANG Masanobu SAKAMOTO,	
Chiyo KONISHI and Junping HU	(537 — 551)
Verification of the internal transformation process of students in interactive case scenario practice	
(high school subject welfare)	Michio KAKUTANI and Takeo MORIWAKI (553 — 559)
Practical research on looking back to nurture the Sense of agency	
— Through creating a “review guide” with children —	Iori SAKAKURA and Takeo MORIWAKI (561 — 573)
A Practical Research on Free Composition Using Peer Response in High School Class Room	
..... Sakae SUZUKI and Takeo MORIWAKI	(575 — 590)
Remote music instruction and support for junior high school students in a multi-grade class	
..... Maki HAGINO, Hitoshi SUSONO, Eri ONO and Kazuyoshi ENOMOTO	(591 — 594)
Development the Evaluation Methods on “Attitudes related to Independent Learning” in Junior High school :	
In the Case of Social Studies and Arithmetic of Reflection Paper	
..... Kenichi MATSUMURA, Daisuke HAYASHI, Yuji UENO, Yoshihisa MIYAMA and Takashi NITTA	(595 — 613)
